Fort Worth Museum of Science and History Announces Summer Discount Programs

Fort Worth, TX - The Fort Worth Museum of Science and History is joining museums across the country in celebrating the tenth summer of Blue Star Museums, to provide free admission to our nation's active-duty military personnel and their families this summer.

Blue Star Museums, a program created in 2010 as a collaboration of the National Endowment for the Arts, Blue Star Families and the Department of Defense, provides free exhibit admission for active duty military and up to five family members. The program is available through Labor Day (September 2, 2019). A valid military ID must be presented to receive the discount.

Eligible families may also qualify for significant savings this summer through a separate program, Museums for All. Museums for All is a cooperative initiative between the Association of Children's Museums (ACM) and the Institute of Museum and Library Services (IMLS) to offer a signature access program that encourages families of all backgrounds to visit museums regularly and build lifelong museum habits. The program provides \$3 exhibit admission for individuals in the Supplemental Nutrition Assistance Program (SNAP). Each SNAP Electronic Benefits Transfer (EBT) card is valid for up to four discounted exhibit admissions at \$3 per person.

In addition to Museums for All and Blue Star Museums, the Museum also offers several additional discounts. Educators receive one free exhibit admission, veterans and first responders receive discounts on

May 24, 2019

exhibit admission and Omni Theater tickets and the Museum honors a variety of reciprocal programs. For a full list of admission discounts and to view discount details, visit [here](#).
