Experience the Life-Saving Superpowers of Extraordinary Dogs
Superpower Dogs Premieres March 15 in the Omni Theater

Fort Worth, TX - Not all heroes walk on two legs. *Superpower Dogs* spotlights the extraordinary bravery of the world's most lovable four-legged superheroes. *Superpower Dogs* premieres on March 15 in the Fort Worth Museum of Science and History's Omni Theater.

In this inspiring true story narrated by Chris Evans, our best friends are also real-life superheroes. Journey around the globe to meet remarkable dogs who save lives, and discover the powerful bond they share with their human partners.

Follow 'Halo', a rookie puppy training to join one of the most elite disaster response teams in America. Meet 'Henry', an avalanche rescue expert in the Canadian Rockies, 'Reef', a Newfoundland lifeguard with the Italian coastguard, 'Ricochet', a Californian surf legend helping people with special needs, and the Bloodhound brothers, 'Tipper and Tony', who are leading the fight to save endangered species in Africa.

The Museum's Omni Theater provides an unmatched viewing experience for *Superpower Dogs*. Discover the incredible ability of dogs and the astonishing science behind their superpowers on the largest IMAX dome screen west of the Mississippi. The eight-story tall, 120 foot wide screen puts you in the middle of the action. You'll never look at dogs the same way again!

A complimentary media screening of *Superpower Dogs* will be held on Saturday, March 23 at 10:15 AM. Invitation to follow. Also on March 23, the Humane Society of North Texas will be at the Museum with adoptable dogs from 10 AM - 3 PM.
