

V-Drome Preview Greeter/Presenter Part-Time Position

To create a first impression of welcome and warmth to all guests that enter V-Drome Preview. Set the mood and tone for each Guest's experience when they enter the exhibit. Learn and communicate to guests a script about the model/blueprint of V-Drome and ADL philosophy, preparing them for the example V-Drome preview experience and the rest of the exhibit.

Basic Function and Responsibilities including but not limited to:

- Energetically engage guests as they approach the exhibit and communicate the script about ADL philosophy, V-Drome preview experience, and Launchpad.
- Learn exhibit content and activities that are based in STEM/STEAM (Science, Technology, Engineering, Art & Design, and Math) and history to share them in exciting and creative ways with diverse audiences.
- Help guests optimize their visit by explaining exhibit details before they enter.
- Support full time staff through opening and closing of the exhibit gallery, safety and emergency procedures, programming, guest interaction, and SQS appearance of the exhibit.
- Participate in both team meetings and training in professional development.
- Professionally represent the museum, the V-Drome experience and its mission to guests.
- Be a fun, creative, and active member of Launchpad and contribute positively to its team culture.

Qualifications:

- A strong background/interest in science, history, theatre or related field preferred
- Teaching and/or theatrical/public speaking experience strongly preferred
- Comfortable learning a wide variety of content both in the work space and independently, including but not limited to: science, history, technology, engineering, art, and design
- Confident interacting with diverse groups of all sizes, including varying ages, backgrounds, knowledge levels, learning styles, and special needs.
- Ability to positively meet challenges in an ever-changing environment with creativity and flexibility
- Can work independently to identify jobs that needs to be done and follow through with little direction, while being able to adapt to working cooperatively with other team members
- Fluency in multiple languages a plus (Spanish preferred)
- Proven ability to respond and make good decisions under pressure
- Ability to be active for extended periods of time, as well as frequent bending, standing, reaching, pushing, pulling, and lifting.
- Candidates must also possess the ability to lift at least 20 pounds.
- Ability to work varied shifts, including evenings, weekends and holidays. Hours may vary by the needs of the museum and seasonally.
