SUMMER FIELD TRIP PLANNER 2020

Where the COOL KIDS play and learn in 165,000 square feet of air conditioned fun!

FORT WORTH MUSEUM OF SCIENCE AND HISTORY

1600 Gendy Street
Fort Worth, TX 76107
Reservations:
We welcome online reservations fortworthmuseum.org/online-registration/ or call Group Services at 817-255-9440 (Monday-Friday 8:30 am to 4:30 pm).
A minimum of 15 is required for group rates. Have a smaller group? Call our Group Services Team.
We recommend booking at least 4 weeks in advance.
Special needs in your group? Please call 817-255-9440 for personalized service.

Be ready with your group’s information
• Group name, complete address, and phone number
• Group Organizer’s name
• Number of students, grade level, and any special needs
• Preferred date of field trip (have a couple alternate dates handy)
• Omni Theater: film preference and time preference (10:30 am, 11:35 am, 12:40 pm, and 1:45 pm)
• Noble Planetarium: show preference and time preference (10:00 am, 11:00 am, 12:00 pm and 1:00 pm)
• Museum Exhibits: date preference only
• Number of Chaperones: a minimum of 1-to-8 ratio is required for all grade levels. Required chaperones are admitted free. Additional adults are welcome at an additional fee.

IMPORTANT DETAILS
• Chaperones are required for all field trips. We require 1 adult for every 10 students. Required chaperones receive free admission. Leaders are counted as a required chaperone and receive free admission.
• Students must be accompanied by an adult at all times.
• Additional chaperones are welcome. To receive discounted prices for additional chaperones, they must be included in your registration. Any unregistered chaperone will pay full price the day of their field trip.
• Please note: Member benefits and coupons may not be used for field trip visits.
• What about lunches? Store your lunch on the bus until lunch time as the Museum does not have space for lunch storage onsite. You may picnic on the grassy areas in front of the Museum. In the case of inclement weather, the Museum has limited indoor space for lunch. Space may not be available on high volume days. Visit page 7 to learn about lunches for purchase at the Museum.
• Where do we park? We will send specific parking directions for your bus drivers to park near the Museum at Farrington Field. Paid parking began in the Cultural District May 1, 2010. More information about parking fees can be found on the City of Fort Worth’s parking guide. fortworthtexas.gov/parking/culturaldistrict/
• Our team members will be in touch within 5 business days to go over availability and to finalize your field trip details after you have completed online booking. After your reservation is complete, you’ll receive confirmation by email with a link to our Field Trip Resource Guide. Our Field Trip Resource Guide will have all the needed details to help you be prepared and organized and will include our policies and procedures.

Dinosaurs of Antarctica
Suggested Grade Level: 3rd-12th

Dinosaurs of Antarctica tells the story of a changing environment at the bottom of the world. In ancient times, dinosaurs and other prehistoric creatures roamed freely in a lush landscape. Over millions of years, geologic forces caused massive changes, completely altering the terrain. Today, the continent of Antarctica holds the evidence of that ancient world, frozen beneath its ice and snow. As the climate changes again, melting Antarctic ice is allowing current day scientists to discover the remains of the past—including the fossils of distinctive dinosaurs. The film also showcases the powerful forces of geologic change over time. Tectonics plates and continental drift come vividly to life as dynamic animations reveal the breakup of Pangaea into pieces including the southern landmass of Gondwana from which the continent Antarctica emerges.

More summer fun films to come!
Visit this page again early next month.

FACTS AT A GLANCE

Dates: June 1 - August 14, 2020  
Fee: $5 per student  
Group Minimum: 15  
Required Chaperones (admitted free):  
Grades PK - 12: 1 adult/10 students.  
Additional Adults:  
Single Attraction $7  
Combo Admission $19  

All students must be accompanied by a chaperone at all times.
Engage your students with an interactive way to enhance and support your classroom curriculum by coming to the Museum for an exhibit field trip. Our exhibits provide a wide-range of interactive experiences. Check our website for the most up to date exhibit information, TEKS connections and educator resources. fortworthmuseum.org/school-field-trips/

9/11 Tribute
Suggested Grade Level: 3rd-12th
The Fort Worth Museum of Science and History is proud to be the designated caretakers of N-101 from the World Trade Center’s North Tower.

Innovation Studios and Gallery
Suggested Grade Level: K-12th
There is something always going on in the Innovation Studios and Gallery. From investigating shadows and colors to building and creating, this area is a great place for students of all ages to explore and learn.

Fort Worth Children’s Museum Gallery
Limited to: PreK-8 Years old only
The Children’s Museum gallery targets our youngest field trip guests - through 2nd grade. The purpose is to encourage opportunities for children to play, knowing that at this age level, children are learning through play. Inside the Children’s Museum is a healthy kids clinic, an infant/toddler developmental space, a parent resource room that also serves as a multi-purpose space, a family restroom, a nursing room for mothers and a natural science space. The natural science space exhibits one of the Museum’s largest fully articulated specimens from the natural science collection -- a Galapagos turtle, placed in a large dome so that young guests can see it from all angles.

Energy Blast
Suggested Grade Level: 3rd-12th
Energy Blast tells the dynamic story of energy resources in North Texas through a unique combination of science and history, bringing physics, technology and innovative thinking to life as you are asked to explore geophysical formations, calculate drilling depths and directions and experiment with new resources.

DinoDig®
Suggested Grade Level: K-8th
DinoDig®, an outdoor experience, began with the Museum in 1993. A historical, all-time favorite for young guests to the Museum, this updated exhibition invites guests to become a paleontologist as they discover the skills needed to uncover and excavate fossils in a reproduction of the Jones Ranch where the Paluxysaurus jonesi was discovered in 1982. DinoDig® features rock formations embedded with fossils based on the actual dig site.
DinoLabs  
**Suggested Grade Level:** K–12th  
Inside DinoLabs, from bone to stone, ancient fossils reveal how dinosaurs roamed and fought, and how they lived and died. Fossils are preserved remains of plants or animals that are more than 10,000 years old. DinoLabs is an interactive digital world where your creativity is unleashed! Movement and technology create an immersive space where anything is possible. A newest addition to DinoLabs is DinoGlow. DinoGlow is an opportunity for students to imagine and create the skin texture and coloration of a Stegosaurus.

The Cattle Raisers Museum  
**Suggested Grade Level:** K–12th  
The Cattle Raisers Museum is dedicated to preserving and celebrating the vital history and science of the cattle industry. The experience tells the story of the cattle industry from its origins among the West’s early Spanish settlers, through the heyday of the legendary drovers, all the way to today’s modern range technology. The exhibits show the important role Texas and Southwestern cattle raisers play in protecting natural resources as frontline stewards of land, livestock and wildlife. Learn more on page 8.

**FACTS AT A GLANCE**

**Dates:** June 1 - August 14, 2020  
**Time Choices:** 10:00am - 5:00pm  
**Fee:** $9 per student for exhibits  
**Group Minimum:** 15  
**Required Chaperones (admitted fee):**  
PK-12: 1 adult/10 students  
**Additional Adults:**  
Single Attraction $13  

All students must be accompanied by a chaperone at all times.

Project Planet  
**Opening April 22, 2020  
Suggested Grade Level:** K–12th  
Science has revealed that our planet is warming and our climate is changing at an unprecedented rate. In the coming decades, these forces will present new challenges to Fort Worth, Texas, the nation, and the world. The Fort Worth Museum of Science and History’s *Project Planet* exhibition will present guests with the most up-to-date information about what’s happening and what we might be able to do. With historical artifacts, hands-on demonstrations, and innovative visualizations, the gallery will come alive with exploration. Science can present the possibilities, but it’s up to the community to figure out how to put them together into the solution we need.

V-DROME Preview  
**Suggested Grade Level:** K–12th  
The Museum will start construction of the V-DROME experience in 2020. V-DROME is an exciting, immersive theater where guests soar over amazing beautiful locations in America. Although building the theater will take a while, preview the experience upstairs in the Havener gallery today! The V-DROME preview is a wrap-around show that gives a peek into what the new V-DROME theater will bring to Fort Worth.
Visit the Noble Planetarium with your students to experience live interpretation that brings artifacts to life, with current views of the sky, interactive, curriculum-based programs investigating Earth and our solar system and discovery learning guided by your students’ questions.

Live at the Noble: Our Solar System
Suggested Grade Level: 4th-12th
Humans have been gazing at the planets in wonder for thousands of years, but today we know more than ever about what those worlds are really like. Join us for a journey to the solar system’s most exciting places.

Live at the Noble: Texas Sky Tonight
Suggested Grade Level: 7th-12th
Navigate the stars, constellations and planets visible at the time of your visit, as well as the latest space news!

FACTS AT A GLANCE
Dates: June 1 - August 14, 2020
Time choices: Please call for times
Group Minimum: 15
Group Maximum: 80
Fee: $3 per student

Required Chaperones (admitted free):
1 adult/10 students

Additional Adults:
Single Attraction: $4
Combo Admission: $16

All students must be accompanied by a chaperone at all times.
Looking to add something special to your summer programming? Have a Discovery Lab on Wheels Educator visit your site. Our programs are perfect for a variety of audiences and age groups. Summer programming is offered from June 15 - August 14. Material fees may apply to programs.

New this year: Six Week Science Club! Topics Include:
- Grossology - learn about the grosser side of science
- CSI - learn how detectives use science to solve crimes and solve one yourself
- Mad Science - have fun doing a wide variety of awesome experiments
- Creative Chemistry - use different types of chemistry to create amazing art
- Science of Space - learn about the sun, moon, space suits, rockets and more
- Science of Sports - learn how science is involved in all aspects of sports

Please visit fortworthmuseum.org/discovery-lab-on-wheels/ for a full list of current program offerings and pricing information. Please contact OutReach@fwmsh.org with questions.
Let us make lunches for you!
The Stars Café by Galligaskins offers a box lunch to suit the needs of your group. A minimum of 10 box lunches must be ordered. Orders must be placed at least one week in advance through Group Services at 817-255-9440. We also welcome walk-up guests the day of your field trip.
NOTE: Pre-ordered box lunches from the Café require separate payment due the day of your field trip: credit card, cash or check payable to Galligaskins.

Reel Refreshments
Reel Refreshments also offers group pricing on small bags of popcorn and a small drink. Add this special to your field trip and watch your students smile! Simply add this option when you register for your field trip and we’ll take care of the rest.

Don’t forget to Shop Too!
From dinosaurs to rocket science, Shop Too! has something for all ages. Students can visit and experience STEAM toys such as coding robots, at-home science kits, and toys to teach physics. Souvenir kits are also available for group orders as a keepsake of their Museum visit.

NOTE: Please order all kits at least 3 weeks in advance by contacting Shop Too! at 817-255-9552 or store1609@eventnetwork.com. Kits can be paid for and picked up on the date of your field trip. Souvenir kits require a separate check payable to Event Network.

Educator Admission
Educators receive free exhibit admission to the Museum every time you visit! To receive your free admission you will be asked for proof of school affiliation at the Museum Box Office on the day of your visit. Free admission is for the educator only. This offer is valid for Pre-school through High School educators from Texas private and public institutions. Please note: Educator admission cannot be redeemed during field trip visits.

Educator Memberships
Educators may purchase memberships at a 10% discount with proof of school affiliation. This offer extends to educators from Pre-school through High School of public and private institutions.
The Cattle Raisers Museum offers a variety of educational opportunities, programs and activities for all ages to learn about the history, heritage and culture of the ranching industry. The exhibits also show the important role Texas and Southwestern cattle raisers play in protecting natural resources as front line stewards of land, livestock and wildlife.

The Cattle Raisers Museum can also provide educational lectures, tours, outreach programs and activities on the history of cattle drives and the industry. These programs are free of cost.

To book a tour or one of our educational programs please contact: **Marta Torres, Cattle Raisers Museum Educator at 817-255-9342 | mtorres@fwmsm.org**
Cowpoke Camp
Children ages 6-10 join the National Cowgirl Museum and Hall of Fame and the Cattle Raisers Museum every Friday in July for Western activities, learning, and crafts. Each camp is a different Western theme. Cost of each camp is $15. Space is limited for 25 children each camp. Dates: July 3, 10, 17, 24, & 31

Exhibits
Visit the National Cowgirl Museum and Hall of Fame and discover the world of the cowgirl through interactive exhibits, film presentations, memorabilia and intriguing stories. The first floor gallery features our permanent exhibit, Hitting the Mark: Cowgirls and Wild West Shows, which discusses early cowgirls and their significant roles in Wild West shows. Watch holographic Annie Oakley describe what it was like to travel with a Wild West show using her own words. Explore Western art through temporary exhibits in the new Anne W. Marion gallery, featuring different artists throughout the year. Our all-new second floor, the Kit Moncrief Galleries and It’s Never Just a Horse™ exhibition explores the unique relationship between women, horses, and the West. Design your own 3D Western object inspired by real artifacts in the Western Design Room, experience the return of the Bucking Bronc, and view artifacts like Gal Gadot’s Wonder Woman costume and Game of Thrones Jon Snow’s saddle.

FACTS AT A GLANCE
To book: 817-509-8960
jsiegel@cowgirl.net
